

STUDENT SATISFACTION SURVEY

FEEDBACK 2018-19

"Teaching without learning is just talking". The central aim of all Colleges is to help students learn more effectively and efficiently. There is a great importance of feedback in order to improve the learning experience of the students. The feedback focuses on the teaching skills of the faculty members, institutional environment as well as student's self growth and other allied areas. The students evaluate the teachers and the college. At the end of every academic year, they give their feedback on a prescribed format. The college has a clearly set and defined mechanism of obtaining the feedback from the students to improve the performance and quality of the Institutional Provisions. The feedback Committee collects all feedback in the form of questionnaire incorporating questions based on the four of the measures provided in the NAAC manual.

- ❖ The first section (A) includes questions from-
 - I. Introduction provided at the time of admission.
 - II. Course structure, coverage and supporting facilities.
 - III. Self Growth
 - IV. Teacher student relationship/Administration student relationship
- ❖ The second section (B) has questions from Industrial Environment
- ❖ The third section (C) comprises teacher's evaluation by the students
- ❖ The fourth section (D) includes suggestions by the students

The college implements the curriculum in accordance with the appropriate analysis of feedback given.

Feedback (2018-19)

Section A

Section A consist of questions based on the Information provided at the time of admission, course structure, coverage and supporting facilities, self growth and Teacher-student relationship/administration-student relationship.
